

Hello!

My name is Jasper and I am from Nieuwerkerk aan den IJssel, The Netherlands. I am currently 15 years old and I live there with my parents and my 13-year-old sister. I was born near Houston, Texas and I moved to Holland when I was 4 years old.

I am in the Bilingual Department of the Comenius College, in Capelle aan den IJssel. Every day, I ride my bicycle 5.5 kilometres to school. I have classes specializing in Science and Technology as well as general subjects like Dutch and Spanish. Furthermore, I am in the IB programme of our school.

In my spare time I watch series on Netflix and I like to draw and design things. Moreover, I enjoy playing the guitar whenever I have a few minutes to do so. I also have a job as a bike delivery driver for Domino's Pizza, I work more or less 2 evenings a week. On the weekends I like to go sailing with my friends over at the waterscouting or with my family.

The town I live in is really close to the city of Rotterdam. Rotterdam is one of the major port cities of Europe and the downtown area is a really nice place to visit.

I want to go to Japan because I want to experience something completely different from Dutch Culture. I am super excited to go there and meet you!

Yours Truly,

Jasper
